

Rochdale South Update

1. Quick Wins

Please find below a small selection of the Quick Wins schemes recently completed in the Rochdale South Area

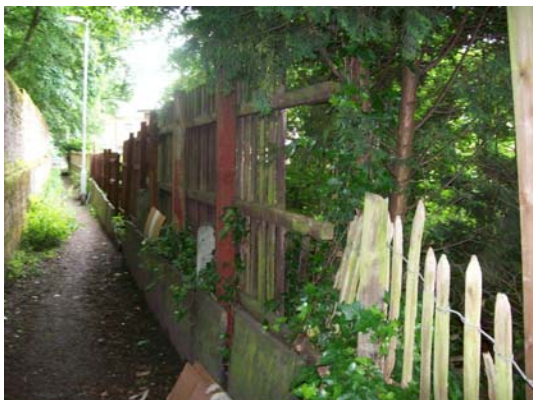

- Meadway Fencing To Flats – Phase 2

Defensible space in the form of 1.0 metre high steel fencing has been provided to another ten blocks of flats on the estate including those at 3-9 Ennerdale Road and 2-32 Grisedale Road shown below

- Rear Fencing To Holborn Square & 10-44 Holborn Avenue

The poor quality rear fencing at this location looked like that shown below left but following the replacement fencing scheme it now looks like that below right

- **Holborn Gardens Parking & Landscaping Scheme**

Parking and the visual impact at this location was substantially improved by some minor road widening and remedial landscaping

- **Broad Lane Environmental Scheme**

This landscaped area in front of Fieldway was upgraded through selective shrub removal, wild flower planting and the provision of a new steel safety rail adjacent to Broad Lane. Please find below two photos of the finished scheme.

2. Priority Estates

- Kirklee – In early 2010 a large scale scheme to provide new front fencing, in-curtilage parking, separate pathways/ gardens and general landscaping was completed.

Above are typical photographs of the estate prior to the works being carried out whilst below are photos of some of the new boundary works and a new in-curtilage parking facility

- Longhill – The scheme here to provide replacement boundaries, in-curtilage parking and associated landscaping has just been completed.
- Channing Street Estate – The scheme here to provide replacement boundaries, in-curtilage parking and associated landscaping has just been completed.
- Detailed documents outlining proposed works to Chesham will be put together in 2011. A schemes will then be implemented in full consultation with all affected stakeholders e.g. tenants & residents.
